Complement...

YOUR PERSONAL YACHTING EXPERIENCE

Odyss is dedicated to heightening the onboard experience. Its pioneering design and technological ingenuity open your senses to a world within your surroundings. It shares your yachting journeys, simultaneously creating memories and revealing essential real-time journey intelligence. It is driven by aerospace grade technology and materialised with fine craftsmanship.

Odyss, enrich your journey.

~

Discover more...

UNDERSTAND THE INTELLIGENCE BEHIND THE JOURNEY

With Odyss, you do not just go along for the ride, you live the journey. It reveals, it informs and puts you in control. Encompassed in timeless design, its intelligence, intuitive interaction and ingenious technology enhance every aspect of time spent onboard. Gathering real-time journey data processed into comprehensive information, it eloquently and elegantly shares this intelligence. Touch Odyss and discover a voyage beyond the realms of the expected.

~

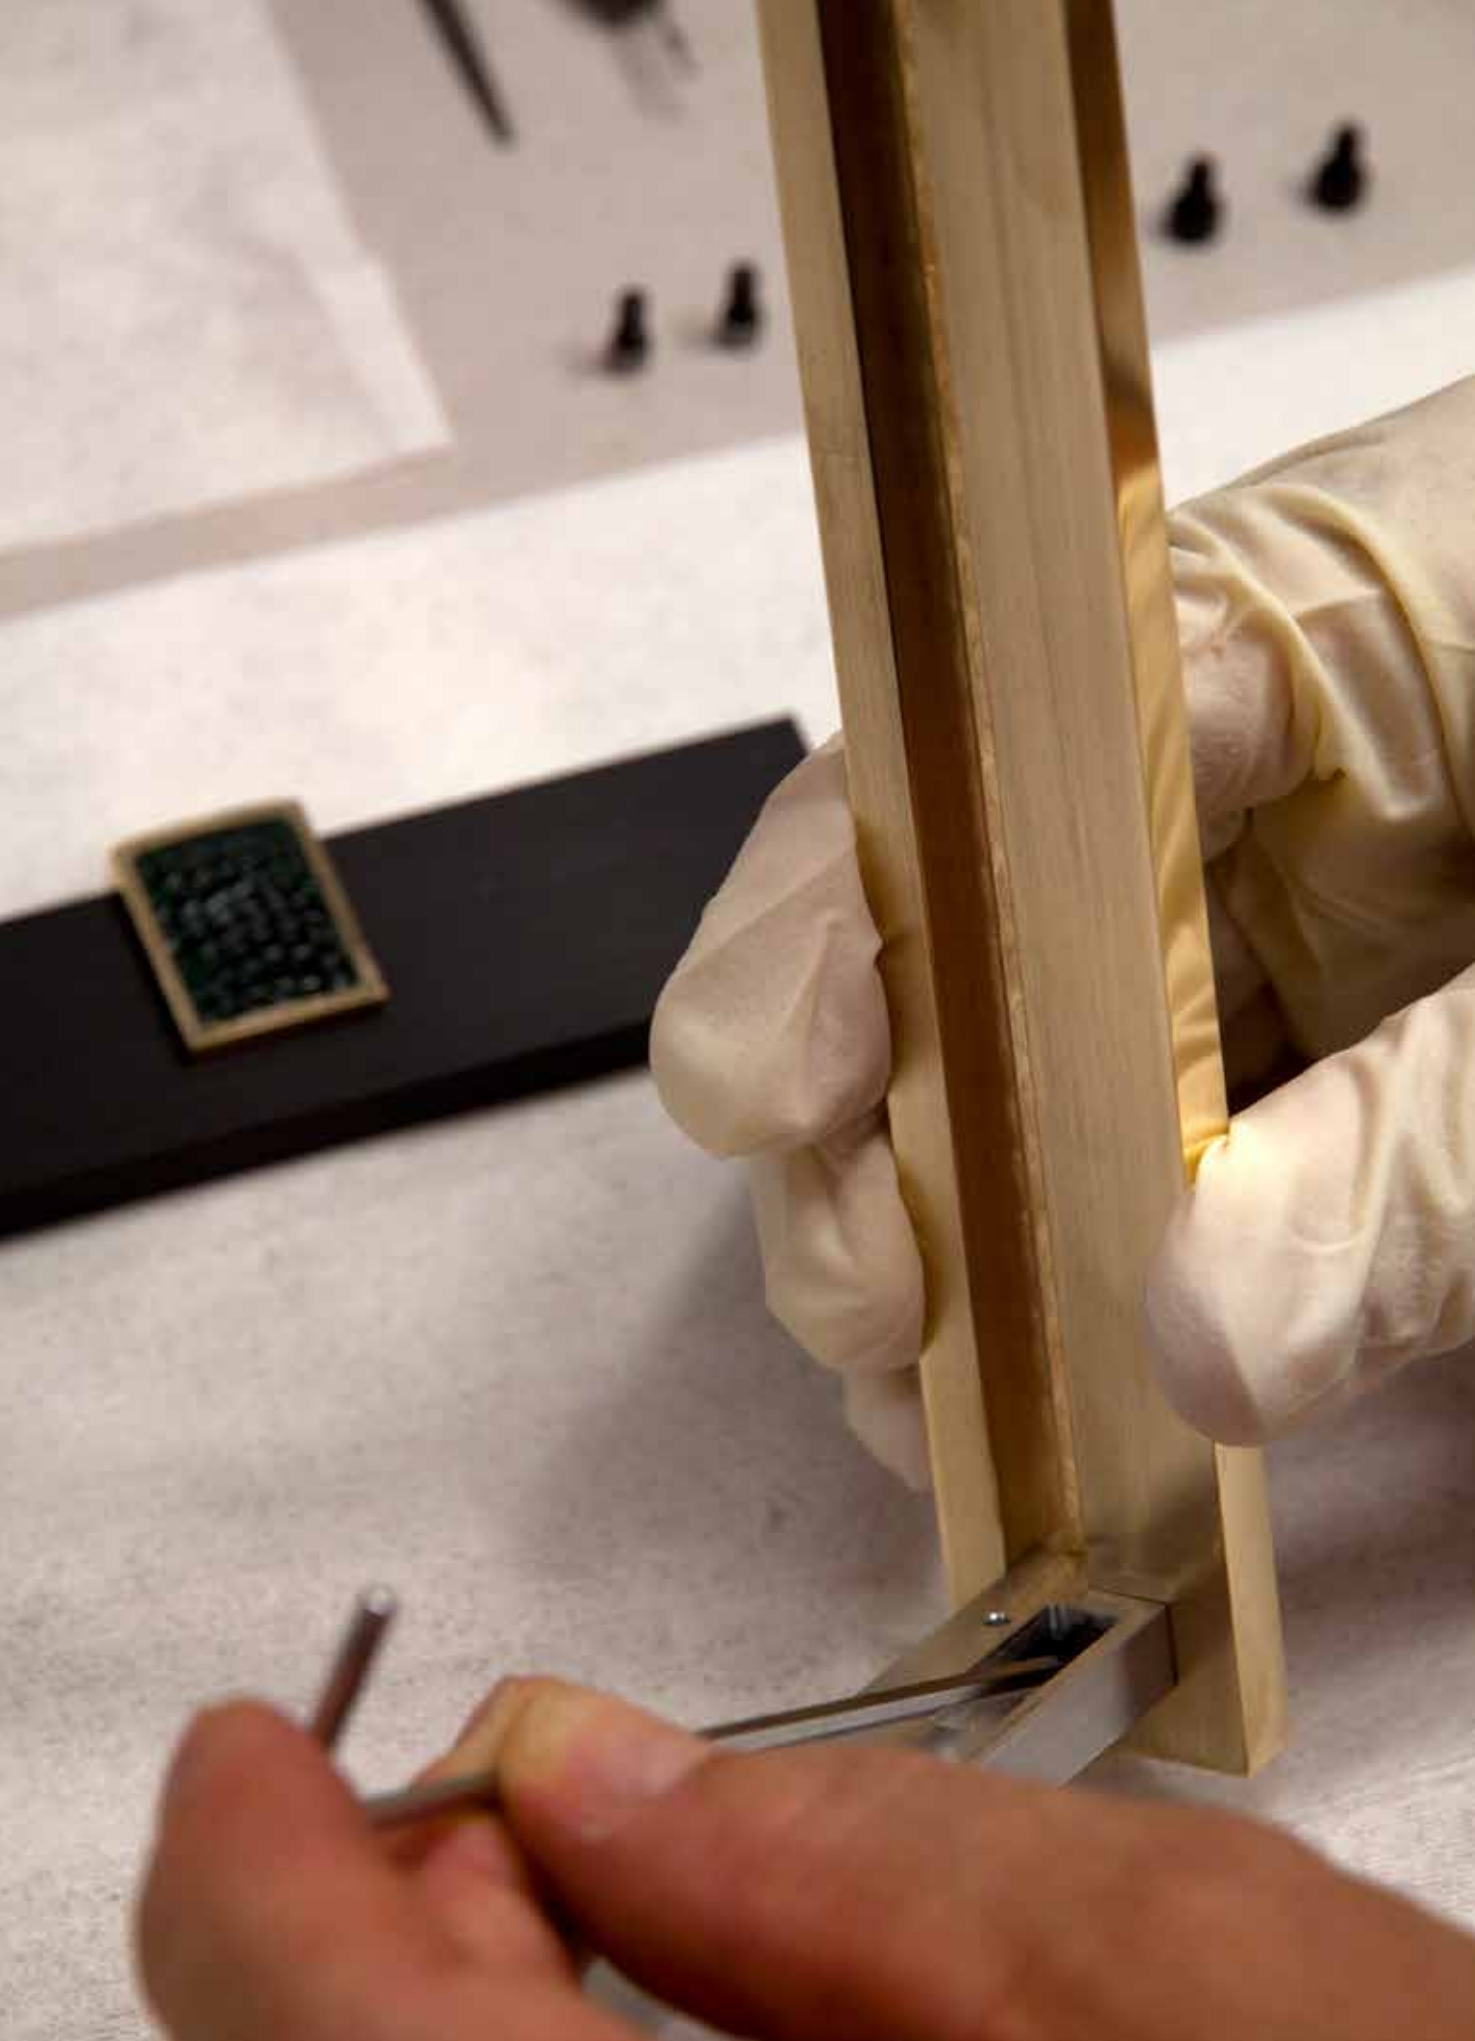

Created...

BY THE BEST IN THEIR FIELD

In both design and functionality, Odys offers the very best of everything. Created and brought together by a multidisciplinary team of both ingenious technologists and leading fine craftsmen in The Netherlands, it reflects their highly sort after skills and talents. The attention to detail, personal craftsmanship, pioneering technology and focus on design are just some of the attributes which set Odys in a league of its own. The exceptional result of technical dedication and creative devotion.

A masterpiece...

MADE TO MEASURE

Every Odys is unique. Hand crafted, it is customised to specific client needs and designed to meet the expectations of those who settle for nothing less than truly exceptional. From personal designs that perfectly complement your own style, taste and wishes, to bespoke features of digital intelligence. Make Odys your own masterpiece. Work with us to find the perfect combination of finishes and select from the wide variety of wood, leather, metal, stone and glass. Unleash your creativity. Odys is exclusively yours.

~

Leather

We have access to over 8.000 leather types and colours

Metal & Glass

Chrome, Nickel, Brass, Titanium, Silver, Gold and various colours of glass

Wood & Stone

Palisander, Ebony, Sycamore, Zebrano, Teak, Marbles, Onyx and more...

From data to intelligence...

COLLECT, MANAGE & DISTRIBUTE

Up to date onboard intelligence requires a system that offers proven technology and easy installation. A trusted system behind the extraordinary experience it provides. For Odys, this is the central source micro-server. Collecting, managing and monitoring data from onboard sensors, it distributes acquired information via the network to each Odys device located on the vessel. Designed and installed to give you control.

~

No Internet Required

An internet connection is not required for the system. When internet is available, status reports for enhanced service purposes can be sent

Elegant aesthetics with...

A HIGH-TECH CORE

Assembled out of aerospace grade components, the technical core of Odys is providing durable performance. Detailed and vibrant graphics originate from the advanced and extremely compact computer that powers each Odys. The incorporated mirror screen with an exceptional contrast ratio and brightness level reproduces vivid and sharp images. Fanless, and built from solid state components, a noise free experience is guaranteed.

Odys encapsulates high-tech technology.

~

Connectivity:

- Ethernet 10/100/1000Mbps

Power consumption:

- 36W @ 12V (max.)
- 123BTU/hr (max.)

Component operating ratings :

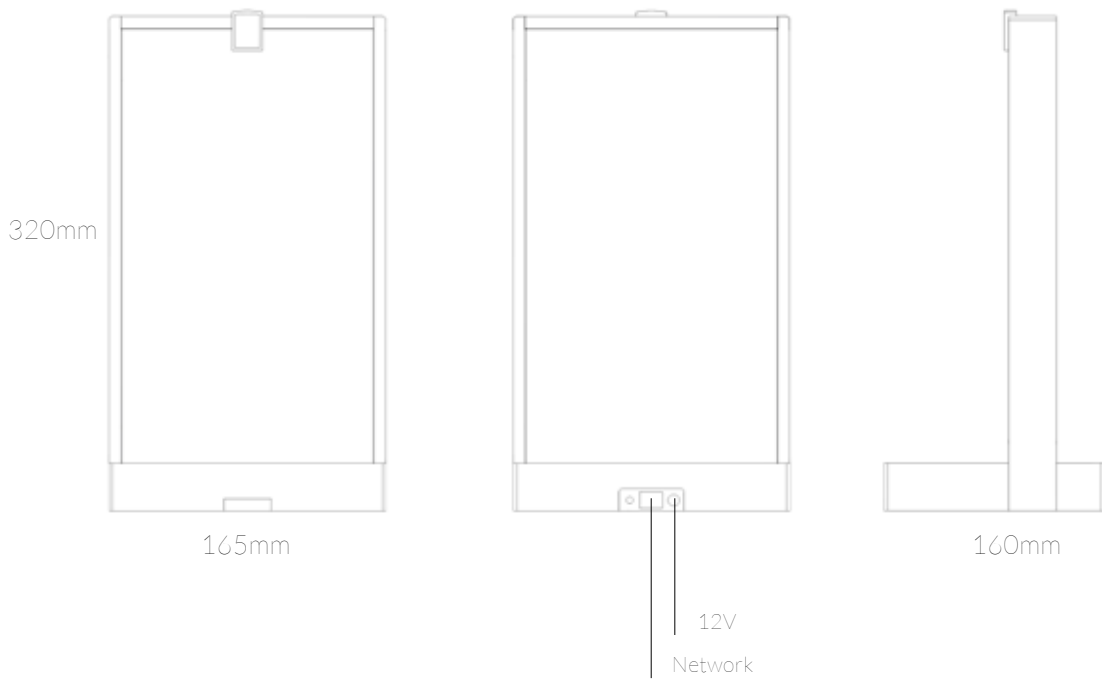

- -20°C / +70°C temperature
- 90% relative humidity, non-condensing

Screen specifications:

- 800cd/m2 luminance
- 170° viewing angle
- LED backlight
- 16.7M colours
- 10.6" display area
- Exceeds HD resolution

Complies to CE, EMC and Safety regulations.

Built from FCC tested components only.
